

Dear Students and Parents,

As part of our continued efforts to keep you updated on GMC Prep's status as the world's current situation evolves, we wanted to send the following updates. We will remain in regular communication with you as we keep student success as our primary focus.

1 – Beginning Tuesday, March 18, Georgia Military College Faculty and Staff will not be reporting to campus for work hours as was previously announced. They will continue to be available to support students during the Remote Learning period. Faculty and Staff will now be working from home and they will be available to assist students and parents from 9am until 4pm as we previously committed to you. The primary means of communication for teachers will be email. All office phones have been forwarded so calls will be answered or voicemails promptly returned. We cannot emphasize this enough – please stay in contact with our faculty and staff as challenges arise for your family.

2 – The GMC Library will be NO LONGER be open to students as was announced in our March 16 update.

3 – If your student has forgotten a needed resource (left in cubby for 3-5 or locker for 6-12), please contact the Administrator designated for your grade – Leben for grades 3-5, Greer for grades 6-8, Lee for grades 9-12 – so that one of them may assist you in obtaining the resource.

We all know the power of the GMC Family and it has never been more evident than over the past several days. As we have continued to emphasize, these times are unprecedented for all of us and our plan is to continue to work together to ensure the safety and success of our students, faculty, staff and all of the extensions of their families.

COL Pam Grant
Principal
Georgia Military College Prep School
201 E. Greene Street
