**Pre-School Screening**

**Screening**

A free pre-school screening for 3 and 4 year olds is conducted 3 times during the school year by the Pre-School Special Education Team.

**What is the purpose of the Screening?**

**The purpose of the screening is two fold:**

- 1.) Children who may have special needs are identified early,  
and provided with appropriate services to enable them to  
be better prepared to enter kindergarten.
- 2.) Children who are found to be typically developing will be eligible for a drawing for placement in the 2018-2019 Special Education Integrated Pre-School Program for a very reasonable tuition.

**Appointments are necessary!**

**Please call early for appointment!**

**Call Lynda Riley at the Special Education Office at 781-937-8226 x11253.**
