

# Help stock our shelves

It's that time of year when we need to help our teachers and staff to keep their classrooms clean, and our students healthy. If you are able, please send in a donation of **DISINFECTING WIPES, TISSUES, OR HAND SANITIZER** by

February 14th! A collection box for your donations will be located by the main office. Any support you can provide for this optional Builders Club initiative will be greatly appreciated by all!
