Picture/Video Release

There are many different reasons a student or classroom may be photographed or videotaped. Parental permission is required. This permission is only signed once. If you change your mind during your child's time at the Reeves, please inform the school office.

The **Reeves Elementary School** has permission to photograph or videotape my student during school assemblies, functions, or other school events.

I understand that these pictures/videos may be published on social media, newspapers, or in some incidents they may be seen on TV stations.

Local news personnel usually check with the school office for parental permission.

I understand there are many cameras at school events and the Reeves Elementary is not to be held responsible for any and all photos or videos taken by parents at school events that end up on social media, etc.
